Objective

Driven and passionate Computer Science Engineering student seeking an exciting entry-level role at a leading IT company. Ready to apply a strong foundation in software development, web technologies, and problem-solving to make a meaningful impact on cutting-edge projects while thriving in a dynamic, fast-paced environment that fosters continuous learning and innovation.

Experience

Ardent Computech Pvt. Ltd.   1 Decembar, 2023 to 31 Decembar, 2023

Intern

🔗 https://drive.google.com/file/d/1BTZa0ECK39B45Nqse6XbhBOit9EIfQ0R/view?usp=sharing

Completed an internship at ARDENT COMPUTECH PVT. LTD., where I contributed to the development of an innovative "IoT-Based Smart Weather Monitoring Application," gaining hands-on experience in IoT technology and real-time data management.

Freelancer   February 2024 to present

Front-end Web developer   Remote

Provided custom front-end web development solutions as a freelancer, leveraging HTML, CSS, and Bootstrap to craft responsive, visually engaging websites. Partnered closely with clients to capture their vision, delivering user-friendly designs that meet modern web standards and enhance the overall user experience.

Projects

Title: Mocha Delight   May, 2024

A Coffee Shop

🔗 https://jyotirmay-ai.github.io/a-coffee-shop/

Front-End Developer | Mocha Delight - Coffee Shop Website

Developed a responsive, visually engaging website for Mocha Delight, a boutique coffee shop, using HTML, CSS, JavaScript, and Bootstrap 5. Crafted an intuitive user interface that highlights the shop's menu, ambiance, and location while integrating smooth navigation and interactive features to elevate the customer experience. Prioritized mobile optimization and cross-browser compatibility, ensuring flawless functionality across all devices.

front-end developent, bootstrap 5, html, css, mobile-friendly, javascript

Title: StudentBucket   February 2024 - June 2024

A Student E-commerce Website (Minor Project)

🔗 https://jyotirmay-ai.github.io/Student-ecommerce-project/

Front-End Developer | StudentBucket- E-Commerce Website

Spearheaded a team of 10 students to create StudentBucket, a specialized e-commerce platform designed for student needs. Managed the project from concept through deployment, overseeing seamless collaboration, task distribution, and development. The platform showcased a user-friendly interface, secure payment integration, and streamlined product management, highlighting both my leadership and technical expertise.
